

FORM 2

QUALIFYING CONDITIONS CHECKLIST

Please read through this form carefully. Print a hard copy and initial (in pen) each of the conditions. This page must be returned to the Department of Fish and Game along with your completed application.

Initials	Conditions
	Applicant is a nonprofit organization or chapter thereof, as defined by Section 501(c)(3) of the Internal Revenue Service Code. Attach written proof of nonprofit status to the application.
	Applicant agrees that the auction or sale event will be conducted under terms and conditions that comply with all California State laws. If the sale event is held outside of California, the parties agree that California law will control in the event of any dispute.
	The applicant will conduct the auction or sale event prior to May 15 of the year in which the tag is valid.
	The applicant agrees that the auction or sale event will be conducted under standards of good faith and commercial reasonableness, and the applicant will use its best effort to obtain maximum return.
	All revenue generated by the auction or sale of fund-raising license tags will be transferred to the Department of Fish and Game <u>within 60 calendar days of the event or by May 15th</u> , whichever comes first. When tags are sold by auction, the nonprofit organization shall accept only a full bid amount consistent with commercial auction practices.
	Nonprofit organizations auctioning or selling fund-raising license tags shall clearly indicate in all advertisements and to potential tag recipients that such tags are subject to all existing conditions required for the take of the species, including any required hunting license and hunter orientation programs identified in Title 14, California Code of Regulations. Tags shall be nontransferable.
	The organization may independently offer items to be sold or auctioned immediately prior or subsequent to the auction or sale of the fund-raising license tag(s). However, the organization shall clearly distinguish between the beneficiary of the sale of such items and the beneficiary of the sale of the fund-raising license tag, which shall be the Department. All advertising shall make this distinction.
	The organization must bear all costs associated with the auction or sale of the fund-raising license tags.
	The applicant understands and will disclose in all advertisements and at the time of the sale that the tags will be awarded only after final adoption of the annual mammal hunting and trapping regulations by the California Fish and Game Commission (usually in late April). For fund-raising license tags, the full amount bid will be reimbursed to the high bidder should a hunting season not be implemented for the species and/or location advertised.
